

Your Clay Shoot is being hosted at our

Heywood Field

Please share this handy guide with any accompanying guests if they are travelling separately. You can also call us on 03333 444569 if you get a little lost and need to ask for help.

Our Clay Pigeon Shooting events take place outside in the fresh air and open countryside on working farms. We understand finding us can often be a little tricky so do allow a fair amount of travel time.

The most accurate way of finding us is by using the Longitude and Latitude below. Many mainstream Sat Nav's allow you to input this information. It also works well on most smartphones and will bring you right by our gate!

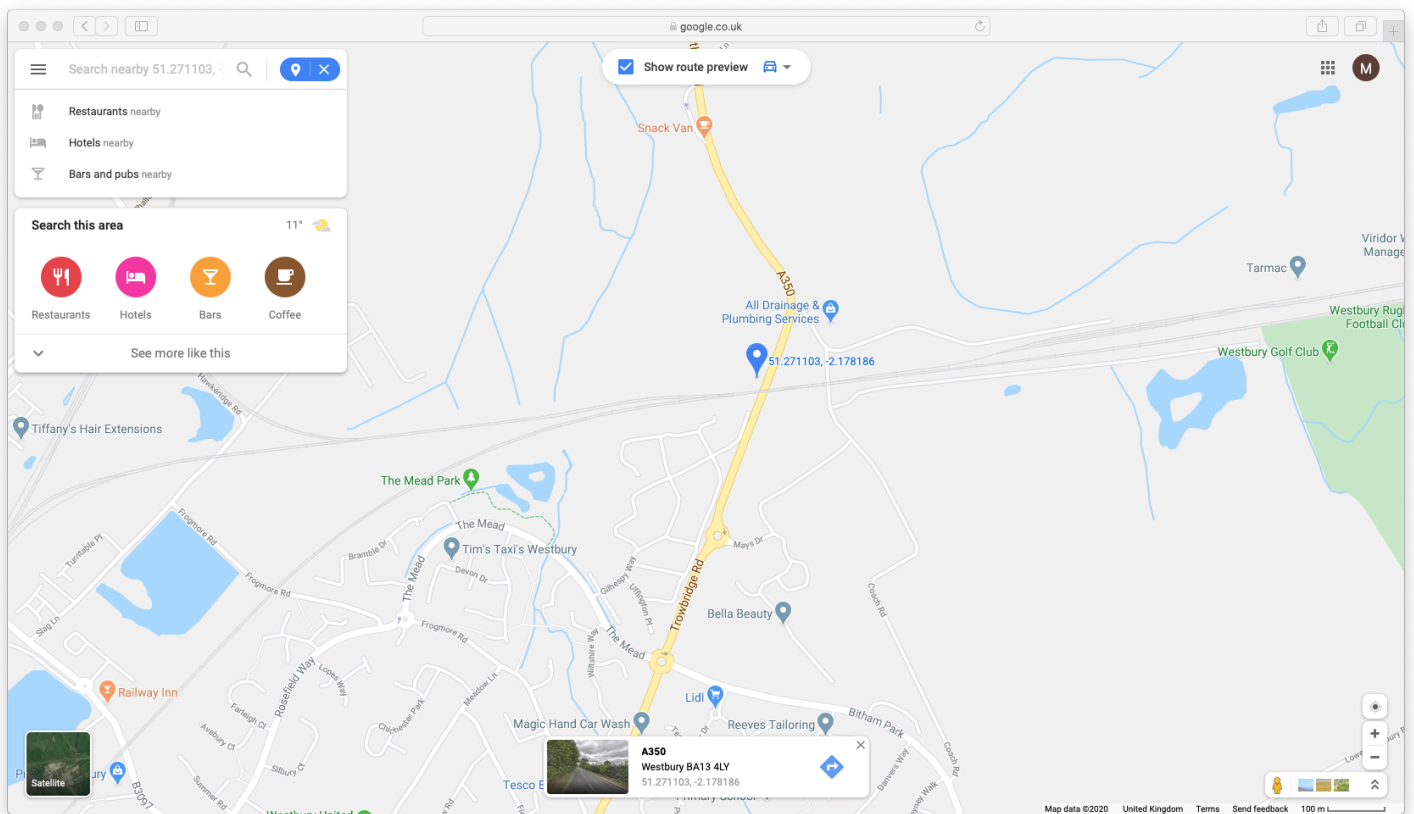

51°16'15.9" N 2°10'40.6" W

Alternately, you can use the postcode BA13 4LY as it will bring you within a few hundred meters from our gate. You will need to continue driving along the A350 till you reach the railway bridge (if driving towards Westbury). Our entrance is on your right just before the bridge.

As you enter the field, please park on the hard standing just inside the gate. One of the team will come over and greet you.

Don't forget to also dress for the Weather, bring your Wellies or Walking boots and pop by the Services for a quick toilet break if you need too.

Handy internet map overleaf.
